

MERCHANTS ARE AGITATED

Another Big Mass Meeting on the County Division Question.

DELEGATION SENT TO SANTA FE

Councilman Thomas Hughes Again Introduces the Bill and Appealed for Help.

LEGISLATORS SHOULD RESPECT OUR WISHES

Delegation Were Also Instructed to Ask Governor Miguel A. Otero to Place His Veto Signature to the Albright Annexing Bill.

A rousing and determined mass meeting was held by the citizens, the Board of Trade and members of the Commercial Club last night over Ziegler's Cafe.

The meeting, called on short notice, was brought about by the receipt of a telegram from Santa Fe at 5:30 yesterday afternoon, signed by Councilman Hughes, stating that the Sandoval county bill had been considered in committee of the whole, that four sections had been passed, and that it was very important to have a strong delegation of representative citizens sent to the capital this morning.

As soon as the messages reached the city everyone was active in calling a meeting to voice their sentiments and for the purpose of electing a large delegation to go to Santa Fe to urge the passage of the bill.

President G. L. Brooks called the meeting to order about 9 o'clock.

The citizens present were: P. F. McCanna, Chas. Mausard, O. N. Marron, Wm. McIntosh, F. A. Ackerman, E. Meyers, C. M. Foraker, J. F. Sulzer, Geo. C. Neher, James D. Eakin, C. W. Ward, O. A. Matson, Wm. Mallette, C. L. Hancock, W. C. Gunn, Oakley Clifford, M. A. Armijo, Wm. Forbes, Thos. McMillin, L. B. Stern, Antonio Apache, W. H. Hahn, W. Graham, L. A. Tessier, F. Lester, T. N. Wilkerson, D. Scruggs, W. T. McCright, Mike Cosgrove, D. A. Macpherson, J. A. Beal, Dr. John Tasher, Dr. Alger, L. C. Brooks, S. P. Clark, H. Brockmeier, B. Ruppe, R. W. Hopkins, C. O. Cushman, James McCornick, W. C. Butman, F. G. Pratt, W. P. Metcalf, W. W. Strong, Summers Burkhardt, Fred Otero, O. Bachechi, J. A. Garcia, C. E. Foraker, C. F. Myers, D. J. Abel, H. Jenks, E. W. Dobson, V. S. Miera.

As soon as the meeting was called to order every man in the hall was ready for business.

The object of the meeting was well known to nearly everyone present.

Thirteen telegrams, urging the necessity of sending a large delegation, from Councilmen Hughes were read.

To Hon. O. N. Marron—Get large delegation here in morning. County bill special order in the afternoon. Must have delegation. Bill sure to pass if pushed.

To W. T. McCright—Must get meeting tonight and send delegation in the morning. Fate of bill depends on prompt action.

To M. S. Otero—Must have strong new county delegation here on morning train. Chances good.

To Ernest Meyers—Must have delegation here in morning. County can be divided if people act at once.

To W. T. McCright—Send up as many republicans as possible. Good chance to divide county. They must come in morning.

To Chas. Mausard—County division bill up for tomorrow afternoon. Want delegation of twenty-five business men here. Do not fail and bill will surely pass.

To P. F. McCanna, Secretary Board of Trade—Important that large delegation be here in morning. Have county bill made special order for 2 o'clock tomorrow afternoon. Get meeting to night. Rush things and bill will surely pass.

To W. T. McCright—County bill up tomorrow morning. Sure to pass if large delegation comes up. Rush things. Wire me how many can come in morning.

All the above dispatches were sent and signed by Councilman Thomas Hughes after he had again introduced in the council the bill creating Sandoval county late yesterday afternoon.

A telegram was received from Councilman W. A. Hawkins by the Commercial Club, which was as follows:

Santa Fe, March 5.—Commercial Club, Albuquerque, N. M.: We have been left in great doubt here between the various political representatives of Bernalillo county whether the people of Albuquerque want a new county or not. A bill to create Sandoval county was again introduced this afternoon in the council and under suspension of rules made special for 2 o'clock tomorrow (Friday) afternoon. This was done to see if the people of Albuquerque really want a new county and if

they do want they had better send a representative delegation by noon tomorrow. It looks like the council will pass the bill if desired.

W. A. HAWKINS.

The meeting voted unanimously that the resolutions of last meeting, published in yesterday's issue of The Citizen, declaring the citizens the citizens all favoring county division, be adopted again and presented at Santa Fe. The resolutions are as follows:

Resolved, That in the opinion of this board and the citizens of Albuquerque the sentiment of the citizens of the city of Albuquerque, irrespective of politics, is practically unanimous in favor of a division of the county, substantially as proposed in the bill recently introduced into the legislature for the creation of the county of Sandoval, and that the details of such division are not of great importance to the people of Albuquerque.

Resolved, That it is the sentiment of said meeting that the business interests of the city of Albuquerque would best be subserved by having as small and compact a county as possible, and to that end, the meeting favors the lines of the proposed county as contained in the original bill and would be satisfied with even a smaller county.

Resolved, That all that the people of Albuquerque desire as to the apportionment of the public debt between the two counties, is that it should be made upon a fair and equitable basis, and this meeting adheres to its recommendation concerning such apportionment, which was made at its meeting on Friday, February 13, 1903, to which no objection has been made by any one.

Resolved, That while the citizens of Albuquerque would undoubtedly prefer that the new county should come into existence at an early day, yet the proposition that that county shall not begin until January 1st, 1905, as set out in said bill pending before the legislature is not so objectionable that citizens of Albuquerque oppose the bill on that account.

Resolved, That copies of these resolutions be sent to the members of both legislative houses and that the members from Bernalillo county be instructed to carry out the wishes of this meeting as expressed in these resolutions.

The importance of sending a large delegation to Santa Fe this morning was realized and received the hearty endorsement of every citizen present.

On account of the short notice most all of those present agreed to serve on the committee, if it were possible to arrange their business to get away, and many did so taking the loss upon themselves. The public spirit of the citizens was greatly in evidence. Nearly all of those who agreed to go were among the delegates this morning.

The chair appointed a committee of three, O. N. Marron, M. S. Otero and Dr. G. W. Harrison, to represent the Commercial Club; B. Ruppe, H. Brockmeier and F. G. Pratt to represent the Retail Merchants association; while every delegate that went was to voice the sentiments of the citizens generally and the Board of Trade.

It was impossible to reach all the citizens interested in the county division issue and notify them of the meeting, considering the time the telegrams were received. Knowing of the feeling of many of the merchants not present a committee of Arthur Everitt, W. P. Metcalf and B. Ruppe were appointed to notify as many of the merchants and other citizens as possible, urging them to go to Santa Fe. They decided the best plan to reach those not knowing of the meeting was to send them a letter. This plan met with the favor of the meeting and consequently the following letter was sent to a large number of citizens:

Albuquerque, N. M., March 6.—Dear Sir: At a meeting of the Board of Trade held last evening you were appointed to go to Santa Fe to urge the passage of the bill creating Sandoval

G. L. BROOKS, President.

The same committee was instructed to arrange for badges to be worn by the delegates, who went to Santa Fe. Hon. O. N. Marron made a stirring speech condemning the bill annexing contiguous territory to cities and towns, which had passed both council and house and had been referred back to the council under a slight amendment. Mr. Marron stated that the present law was sufficient to annex any territory that the citizens of Albuquerque desired, but under the bill now pending the citizens of Albuquerque would have no choice. If any outside precinct desired to come in it was only necessary to have a petition signed by 100 citizens of the city to which a precinct desired to be annexed, and twenty-five of the contiguous territory. Then the council would be compelled to annex the territory without the consent of the city.

After an animated discussion a motion was made that the delegates who were going to Santa Fe in the interest of the county division bill be instructed to oppose the contiguous territory bill.

A telegram received from Santa Fe was read, which stated that four clauses of the Sandoval county bill had been passed in the committee of the whole, and further stated that owing to the stand the people of Albuquerque had taken the bill was sure to pass the council and the chances in the house were favorable; that on Friday an amendment would be offered providing for the change of the name from Bernalillo to Albuquerque county. The meeting unanimously voted against such an amendment.

It had been reported early in the evening that Councilman Albright was on his way to Albuquerque to attend the mass meeting and was very desirous of meeting the citizens. The meeting was held until nearly 11 o'clock, but learning the train had been delayed by a dead engine, the meeting broke up, everyone determined to go to Santa Fe and see that their rights were recognized and the bill passed.

At the Train. This morning a delegation of twenty-five business men and citizens assembled at the depot to go to Santa Fe. Large, prominent badges, representing the Commercial Club, the Retail Merchants association and the Board of Trade were worn by every delegate. Many citizens who were unable to leave the city were at the depot to see the delegates off and talk over the situation.

The delegates who went to the capital were: Mayor C. F. Myers, Hon. O. N. Marron, H. E. Fox, Chas. Mausard, B. Ruppe, Dr. L. H. Chamberlin, W. W. Strong, Dr. G. W. Harrison, F. Lester, F. G. Pratt, Henry Brockmeier, D. A. Macpherson, Otto Dieckmann, George P. Leonard, G. L. Brooks, J. F. Sulzer, Oakley Clifford, W. P. Metcalf, C. J. Hamilton, J. H. Martindale, W. H. Hahn and J. A. Beal.

Councilman Albright was a passenger on the train that carried the delegates. He had nothing to state further than that the bill would undoubtedly pass today, although he voted against the wishes of his constituents last Saturday morning.

Nothing has roused the public spirit of the citizens of Albuquerque more than has this issue, and the delegation will undoubtedly use all their efforts toward the passage of the bill, and the defeat of the Albright bill annexing contiguous territory to incorporated cities and towns.

Bills Signed.

Governor Otero Monday signed the following measures: Council bill No. 44, extending the terms of mayors, aldermen and school directors, thus doing away with the necessity of holding a spring municipal election this year; amended council bill No. 6, providing for the burial of deceased indigent soldiers by the counties in which they lived; council bill No. 60, fixing the fees of district attorneys; amended council bill No. 45, paving the way to the municipal ownership of water and light plants; amended council bill No. 5, giving mayors the veto power; council bill No. 4, creating Roosevelt county, with Portales as the county seat; house bill No. 49, creating Quay county, with Tucuman as the county seat; house bill No. 91, appropriating \$500 to reward A. B. Baca for capturing Jose Telles, a murderer, who escaped from the Santa Fe county jail after killing the jailor.

Col. T. C. Lebo Takes Temporary Command.

Col. Thomas C. Lebo, of the Fourteenth United States cavalry, in command of Fort Grant, Arizona, the ranking colonel, will, it is understood, assume temporary command of the department of the Colorado on March 7, and retain this position until relieved by the new commander, General Baldwin. General Funston will return from Fort McKenzle in a few days, and will leave Denver March 7. General Baldwin's date of arrival here is not known at department headquarters. He has been in the Philippines and is supposed to be en route to Denver.

LEGISLATIVE POINTERS

A Good Amendment.
An amendment to the appropriation bill adopted in the council yesterday, provides that in future the New Mexico insane asylum, near this city, shall admit all poor insane persons without regard to the existing quota to each county of the territory.—Las Vegas Record.

The First Step.
The bill to encourage sanitariums, which exempts from taxation those costing over \$100,000, is the first step of the Rock Island system toward the building of a large sanitarium at Alamogordo. The first cost of the institution will be \$1,000,000.—New Mexican.

A Disgusting Sight.
The committee which visited Las Cruces went to El Paso and there witnessed a bull fight. One was enough for Hon. Cristoval Sanchez, who says that, though it is the sport of his ancestors and his race, yet it is one of the most disgusting sights he ever witnessed. He wants no more of it.—New Mexican.

Public Printer Duncan.
Governor Otero this forenoon sent to the legislative council the nomination of James S. Duncan, of Las Vegas, to be public printer. This was unanimously confirmed. It was rather unexpected to some of the members of the council, whereas to others it was not much of a surprise. Councilman Duncan was warmly congratulated by his colleagues upon his preferment. The New Mexican joins in these congratulations and wishes the new public printer the fullest measure of success.—New Mexican.

Should be Created.
The office of territorial fish and game warden should be created. Of course there is some opposition to the bill, but the plan has many friends who feel that unless something is done at once to protect our interests along this line that the territory will soon be barren of attraction to the fisherman and hunter.—San Marcial Bee.

Friends of Temperance.
The friends of temperance and the present Sunday closing law are very energetic at present, and are interviewing the legislators as to their views on the question. The local option law is not satisfactory to them and no modification of the present law will be given the least encouragement. With them it is a strict observance of the Sabbath lay or nothing.—San Marcial Bee.

Candidates Bobbing Up.
Candidates for the office of district attorney of the Second judicial district are on the increase. It is understood that the present very efficient incumbent, Frank W. Clancy, is a candidate for reappointment. Col. E. W. Dobson, Thomas N. Wilkerson and John H. Stingle, all Albuquerque attorneys, are also said to be in the race. There is no intimation from the executive office as to when action will be taken.—New Mexican.

A. R. Gibson, of Santa Fe, is spending the day in the city. Mr. Gibson is convalescing from a two months siege of typhoid fever and is on his way to the coast, where he will rest for a few weeks before returning to Santa Fe.

SENDING TELEGRAMS.

Flooding the Legislators With Wired Messages About County Division.

CITIZENS THOROUGHLY AROUSED.

The merchants and taxpayers who were not able to go to Santa Fe this morning with the delegation, sent telegrams strongly voicing their sentiments in regard to county division.

It is a safe proposition to state that more than seventy telegrams were sent to the various councilmen and house representatives, announcing that they favored the passage of the bill creating Sandoval county, and being very much opposed to the bill annexing contiguous territory to incorporated cities and towns.

Many telegrams are being sent this afternoon. Undoubtedly the actions of Albuquerque merchants citizens will impress the legislators, that this issue is no personal hobby nor were their resolutions idle talk.

It is the voice of the people, irrespective of party, and as this "government is for the people," that voice should be heeded by the legislature.

Let us have a new county, and let Governor Otero place his disapproval to the bill annexing contiguous territory to incorporated cities and towns.

The man who falls and then succeeds more frequently than the man who succeeds and then fails.

It is always the next generation that boasts of the fact that an ancestor was a member of the legislature.

WHEN BABY IS COMING USE Mother's Friend

Woman's greatest dream of beauty and glory is when nature has chosen her to become a mother. Every faculty is keenly alert as she foresees the joy, ambition, success and the life-long satisfaction coming nearer, day by day, in the dawn and innocent being so soon to see light, and the uncertainty whether she shall see a sweet girl or a brave boy face beside her on the pillow adds rest to her expectancy.

Mother's Friend applied externally throughout pregnancy will relieve the pain of parturition, and no mother and child can fail to be healthy, hearty, strong, clear complexioned, pure blooded and cheerful in disposition, who are mutually influenced by the continued use of this great liniment, MOTHER'S FRIEND. R. W. HOPKINS, Postmaster.

John D. Hughes, a popular student of the New Mexico College of Agriculture and Mechanic Arts, came home this morning to spend the spring vacation.

Judge B. S. Baker, District Clerk W. E. Dame, Stenographer H. P. Owen and District Attorney F. W. Clancy went to Los Lunas this morning to attend the session of the district court.

Coal Cars Ditched.
Four coal cars on a south bound freight were ditched near Socorro yesterday morning. Passenger train No. 27 was delayed three hours. The cars left the track on a tressle and it was

some time before the wreckage could be cleared away and the tracks repaired. Passenger train No. 27 was not able to make connections with returning No. 25 at El Paso, which accounted for its being late into Albuquerque this morning.

New Incorporations.
A certified copy of the articles of incorporation of the Santa Fe Land & Improvement company, which is incorporated under the laws of California, has been filed with Secretary Reynolds at Santa Fe. The object is to buy, sell and own lands, construct ditches and reservoirs, mine and sell coal, obtain minerals, etc. The principal place of business is Los Angeles, and the time of existence fifty years. The capital stock is \$10,000 divided into 100 shares of the par value of \$100 each. The directors are H. U. Mudge, Topeka, Kan.; C. N. Steery, T. J. Norton, H. J. Stevens and W. G. Naviza, of Los Angeles.

The Young Men's Christian Association of Las Vegas was also incorporated. The incorporators are D. J. Osborne, E. L. Browne, J. G. McNary, H. O. Brown, J. H. Steterson, C. L. Harris, N. B. Rosebury, J. A. Dick, F. B. January, J. R. Allen, C. M. Moore and C. A. Schoolroy.

The Las Vegas Record says: Harry Wells will accompany J. G. Warner down to Albuquerque in a week or so, and assist in unpacking the stock of hardware, etc., shipped to that place.

A Good Show.
Peterson's company of vaudeville performers was the attraction at Colombo hall last night, and judging from the hearty applause accorded each actor the audience was well pleased with the entertainment.

The performance was opened by Prof. Gustave Peterson, the clever magician, who made everything dance at his will, and delighted and mystified the audience in the black art of mar-ver and mystery.

Chas. Cunningham rendered two solos in a fine baritone voice and gave a good exhibition of buck and wing dancing. At each appearance he was obliged to respond to an encore.

Chic Kehoe and Ida Rainer are two very clever entertainers and produced plenty of fun. The club swinging by Mr. Kehoe was exceptionally fine.

The beautifully illustrated songs by the La Pontes, were highly enjoyed and deserve mention.

The performance closed with a very laughable one act comedy, entitled, "Wanted—A Wife."

The same company are billed for tonight and tomorrow night, with Saturday afternoon matinee. The management announce a complete change of program for tonight.

The Rockefeller's.
John D. Rockefeller, Sr. and John D. Rockefeller, Jr., made famous by their millions, arrived in the city on passenger train No. 7 last night, both coming into God's country seeking rest and recreation. The father, who was occupying the private Pullman, Gas-cony, going to the west and the son, who was enjoying the comforts of Atlanta, the Missouri Pacific car, went to the south, toward the City of Mexico.

"Confession."
At the Immaculate Conception church this evening there will be a lecture on the Catholic teaching and practice regarding the sacrament of penance, commonly called "confession." Father Barry will give a popular talk on confession, and will be pleased to answer all questions in answer to this or any other doctrine of Catholic faith. Questions should be written out and placed in the question box at a reasonable time before the service, which begins each evening at 7:30.

A Newly Wedded Couple.
As the flyer drew into the station this noon, a beautiful bride and a handsome groom stepped down from the elegant Pullmans, followed by a shower of rice that glittered like silver in the welcoming warm sunshine. The crowd that followed the happy couple into the curio room and around the hotel were jesticulating and articulating in a manner that showed all were enjoying the honeymoon.

Mr. J. W. Ryan, a prominent gentleman of Toledo, with pockets overflowing with the Chinese food, acted in the capacity of chief sprinkler.

As the flyer went westward toward the land of flowers "travelling handkerchiefs, hats and gloved hands could be seen at every window, extending a merry farewell to the young couple, burg, Pa., are guests of the Alvarado sunshine.

Mr. and Mrs. Willis Boyd, of Pittsburg, Pa., are guests of the Alvarado since the arrival of the flyer.

Ohio River Rising.
Louisville, Ky., March 6.—The Ohio river touched the curbing at the foot of Fourth street today, the highest of the season, but the danger line has not been reached. Heavy rains are reported in southern Kentucky.
